Happyslapped by a Jellyfish Karl Pilkington, 2007-10-29 A collection of hilarious and compelling insights and anecdotes diary entries poems true facts and cartoons on travel from The Ricky Gervais Show's unlikely star Karl Pilkington This is the travel book for people who don't particularly like travelling It's Pilkington with a suitcase occasionally with his passport more often with a bemused suspicion of anything vaguely exotic and always with an observant eye for the disappointments tedium and general absurdity of being a

tourist abroad and at home From staring at Mount Vesuvius in case it erupts to enduring the horrors of a Lanzarote nudist beach to exploring the curiosities to be seen in the world s weirdest museum Pilkington s stories are told with his inimitable deadpan humor And they re always interspersed with fond reflections on life back in England from Salford joy riders to what his girlfriend s mum and dad have for dinner on a Thursday it s chops and veg in case you re wondering Ricky Gervais Presents: The World of Karl Pilkington Karl Pilkington,2006-10-10 In this pithy and hilarious book Karl Pilkington is in conversation with the often bewildered Ricky Gervais and Stephen Merchant the writers and stars of The Office and Extras unwittingly outwitting even those comedy Goliaths as he struggles in vain to make sense of the world around him Unencumbered by erudition and impervious to logic Karl ambles down a heuristic path to enlightenment under the edifying influence of Ricky and Steve His pronouncements on such diverse and contentious topics as population control simian affairs within human society the sartorial deliberations of solitary spacemen and how long you can stay alive with your head chopped off are matched in the vehemence with which they are proposed only by the degree to which they are ill conceived Featuring Karl s original illustrations imaginative scribbings and the best conversations of the world record breaking Podcasts The Ricky Gervais Show this is a unique trip into the world of one of our most innovative thinkers visionaries and prophets or as Gervais knows him the funniest man I ve ever met **The Office** Ricky Gervais,2002 Do you know what upsets David Brent Wasted talent yeah People could come to him and they could go scuse me David but youve been in the business 12 years can you just spare us a moment to tell us how to you know run a team how to keep them task orientated while you know happy But they dont Thats the tragedy So the Brentmeister General is now prepared to share with us the scenes of his daily life The scenarios that really illustrate the principles of great team management His morale boosting comedy remember when he got Dawn to actually believe she was sacked his fund of earthy wisdom there should be no ego when youre pulling together to do something good along with glimpses of the fervent soul beyond the work related arena the impassioned singer songwriter of the potentially highly successful band Foregone Conclusion a k a supported by Texas These scripts will show how anyone can be a great boss and a funny person how to use humour to boost morale how to have a laugh at work with women at us Investment in people Thats what its all about really The staff Letting them know that they are our most important commodity Its like if youre cleaning a floor and youre up against it then come to me and Ill help us clean our floor together not literally Including 500 screengrabs from the series and unseen email correspondence between David Brent and his BBC Producer The Office The Scripts is the definitive comedy script book providing fans with an invaluable opportunity to relive their favourite moments over and over again **Making Sense** Sam Harris,2020-08-11 A New York Times New and Noteworthy Book From the bestselling author of Waking Up and The End of Faith an adaptation of his wildly popular often controversial podcast Sam Harris is the most intellectually courageous man I know unafraid to speak truths out in the open where others keep those very same thoughts buried fearful of the modish thought police With his literate

intelligence and fluency with words he brings out the best in his guests including those with whom he disagrees Richard Dawkins author of *The Selfish Gene* Civilization rests on a series of successful conversations Sam Harris Sam Harris neuroscientist philosopher and bestselling author has been exploring some of the most important questions about the human mind society and current events on his podcast *Making Sense* With over one million downloads per episode these discussions have clearly hit a nerve frequently walking a tightrope where either host or guest and sometimes both lose their footing but always in search of a greater understanding of the world in which we live For Harris honest conversation no matter how difficult or controversial represents the only path to moral and intellectual progress This book includes a dozen of the best conversations from *Making Sense* including talks with Daniel Kahneman Timothy Snyder Nick Bostrom and Glenn Loury on topics that range from the nature of consciousness and free will to politics and extremism to living ethically Together they shine a light on what it means to make sense in the modern world

Betraying Spinoza Rebecca Goldstein,2009-08-11 Part of the Jewish Encounter series In 1656 Amsterdam s Jewish community excommunicated Baruch Spinoza and at the age of twenty three he became the most famous heretic in Judaism He was already germinating a secularist challenge to religion that would be as radical as it was original He went on to produce one of the most ambitious systems in the history of Western philosophy so ahead of its time that scientists today from string theorists to neurobiologists count themselves among Spinoza s progeny In *Betraying Spinoza* Rebecca Goldstein sets out to rediscover the flesh and blood man often hidden beneath the veneer of rigorous rationality and to crack the mystery of the breach between the philosopher and his Jewish past Goldstein argues that the trauma of the Inquisition s persecution of its forced Jewish converts plays itself out in Spinoza s philosophy The excommunicated Spinoza no less than his excommunicators was responding to Europe s first experiment with racial anti-Semitism Here is a Spinoza both hauntingly emblematic and deeply human both heretic and hero a surprisingly contemporary figure ripe for our own uncertain age

Lying Sam Harris,2013-10-23 As it was in Anna Karenina Madame Bovary and Othello so it is in life Most forms of private vice and public evil are kindled and sustained by lies Acts of adultery and other personal betrayals financial fraud government corruption even murder and genocide generally

require an additional moral defect a willingness to lie In Lying best selling author and neuroscientist Sam Harris argues that we can radically simplify our lives and improve society by merely telling the truth in situations where others often lie He focuses on white lies those lies we tell for the purpose of sparing people discomfort for these are the lies that most often tempt us And they tend to be the only lies that good people tell while imagining that they are being good in the process

More Flanimals Ricky Gervais,2005 A field guide to a bizarre group of creatures called Flanimals showcases their many colorful varieties as well as their evolution anatomy and behavior

Pub Theology Bryan Berghoef,2012-06-12 From London to New York to Ann Arbor people are gathering in pubs and bars to communicate connect and learn from one another over the topic of religion of all things In *Pub Theology* pastor writer and pub theologian Bryan Berghoef draws from his own experience in one such setting in northern Michigan Berghoef contends that for too long the church has insisted on setting the terms for how one can find and encounter God Yet what if God is to be found in places we haven t been looking at all in a coworker who doesn t believe in God in a Buddhist neighbor in a friend who prefers a yoga studio to a sanctuary This book will move readers to shift toward a more chastened humble and inviting faith A faith that seeks not to teach but to learn not to speak but to listen A faith that will have a seat at the table in the important religious conversations our world is having Real life stories gleaned from conversations and encounters during pub theology gatherings combined with the author s own experience in grappling with these issues make for an intriguing and enlightening read So what are you waiting for Pull up a chair and join the conversation

first century wokeness These new ideas often leave the general public bemused particularly if they don't read the Guardian Being woke is actually much easier than people think As Titania demonstrates anyone can be an activist By simply adding a rainbow flag to your Facebook profile or calling out an elderly person who doesn't understand what non-binary means you can change the world for the better Indeed social media has now made it possible to show how virtuous you are without having to do anything at all Timely and indispensable Titania's step-by-step guide will help you to become the woke person you need to be in an increasingly progressive world In a non-patronising manner Titania will explain why you are wrong about everything and how to become more like her

The Atheist Who Didn't Exist Andy Bannister, 2015-07-17 A breath of a gust a positive whoosh of fresh air Made me laugh made me think made me cry Adrian Plass In the last decade atheism has leapt from obscurity to the front pages producing best-selling books making movies and plastering adverts on the side of buses There's an energy and a confidence to contemporary atheism many people now assume that a godless scepticism is the default position indeed the only position for anybody wishing to appear educated contemporary and urbane Atheism is hip religion is boring Yet when one pokes at popular atheism many of the arguments used to prop it up quickly unravel The Atheist Who Didn't Exist is designed to expose some of the loose threads on the cardigan of atheism tug a little and see what happens Blending humour with serious thought Andy Bannister helps the reader question everything assume nothing and above all recognise lazy scepticism and bad arguments Be an atheist by all means but do be a thought through one
