shared hours with his mother Years later and now a successful film critic Koresky set out on a journey with his mother to discover more about their shared cinematic past They rewatched ten films that she first introduced to him as a child one from every year of the 80s each featuring women leads Together films as divergent as 9 to 5 Terms of Endearment The Color Purple and Aliens form the story of an era that Koresky argues should rightly be called The Decade of the Actress Films of Endearment is a reappraisal of the most important and popular female driven films of that time a profound meditation on loss and resilience and a celebration of the special bond between mothers and their sons *The boke of husbandry. (Compyled somtyme by mayster Fitz herbarde.)* John FITZHERBERT,1552 *Celluloid Comrades* Song Hwee Lim,2006-08-31 Celluloid Comrades offers a cogent analytical introduction to the representation of male homosexuality in Chinese cinemas within the last decade It posits that representations of male homosexuality in Chinese film have been polyphonic and multifarious posing a challenge to monolithic and essentialized constructions of both Chineseness and homosexuality Tracing the engendering conditions within the film industries of China Taiwan and Hong Kong Song Hwee Lim argues that the emergence of Chinese cinemas in the international scene since the 1980s created a public sphere in which representations of marginal sexualities could flourish in its interstices Examining the politics of representation in the age of multiculturalism through debates about the films Lim calls for a rethinking of the limits and hegemony of gay liberationist discourse prevalent in current scholarship and film criticism He provides in depth analyses of key films and auteurs reading them within contexts as varied as premodern transgender practice in Chinese theater to postmodern diasporic forms of sexualities *Volker Schlöndorff's Cinema* Hans Bernhard Moeller,George L Lellis,2012-10-31 Volker Schlöndorff's Cinema Adaptation Politics and the Movie Appropriate examines the work of major postwar German director Volker Schlöndorff in historical economic and artistic contexts In spite of Schlöndorff's successes with films like The Lost Honor of Katharina Blum and The Tin Drum as well as his acclaimed work in the U S with Death of a Salesman Gathering of Old Men and The Handmaid's Tale this is the first in depth critical study of the filmmaker's career *Fear Eats the Soul (Angst Essen Seele Auf)* Laura Cottingham,2020-10-15 In Rainer Werner Fassbinder's Fear Eats the Soul Angst Essen Seele Auf 1974 Emma Brigitte Mira a working class widow and former member of the Nazi party marries Ali El Hedi ben Salem a much younger Moroccan migrant worker Set in Munich during the 1970s the film melds the conventions of melodrama with a radical sensibility to present a portrait of racism and everyday hypocrisy in post war Germany It is a film about the way conventional society detests anything and anybody unfamiliar but also a film about the hopes and limits of love Intricately directed beautifully performed and designed to show Munich life in all its shabby kitschiness Fear Eats the Soul may be Fassbinder's finest film Laura Cottingham celebrates Fassbinder's achievement placing Fear Eats the Soul in relation to his extraordinarily prolific career in theatre film and television Her analysis pulls back the thin curtain that separated his work from his tumultuous life She also explores the director's debt to the lush Hollywood melodramas made by fellow German Douglas Sirk especially All That Heaven Allows

1955 In a detailed scene by scene analysis Cottingham shows how Fassbinder managed to combine beauty and tenderness with fierce political critique

On The Figure In General And The Body In Particular: Nicole Brenez, 2023-07-11 Films fill our imagination with figures figurines and talismans They ceaselessly rework the same archetypes and invent troubling prototypes especially when they establish a deeper relationship to reality How do we understand these presences that are both so characteristic and so diverse in cinema How does film deal with bodies movements and gestures Why are we so drawn to these shadows silhouettes and hypothetical beings What organizes the figurative values at work in a film How do cinematic creatures circulate from film to film and image to image How does film articulate the links between the abstract and figurative Is it possible to write a history of figurative forms Starting from films themselves and works that are both classical Sergei Eisenstein Roberto Rossellini Orson Welles and contemporary Abel Ferrara Brian DePalma Patricia Mazuy celebrated Robert Bresson John Cassavetes Ken Jacobs Paul Sharits and overlooked Al Razutis Jean Genet Monte Hellman and John Travolta from auteurs as well as aesthetic questions representations of dance the naked body character development the essays in this volume most available for the first in English aim to open a field that has been neglected by analysis while also suggesting the tools necessary to understanding figurative phenomena specific to cinema

Twenty-One Landmark European Films 1939-1999 Bert Cardullo, 2015-04-01 The essays in this insightful film analysis text show cover twenty one of the best European films made between the coming of World War II and the end of the twentieth century showing what makes each of them outstanding These essays are clear and readable that is sophisticated and meaty yet not overly technical or jargon heavy They will make perfect introductions to their respective films as well as important contributions to the field of film studies in general Written with university students in mind these essays cover some of the central films treated and central issues raised in today's cinema courses and provide students with practical models to help them improve their own writing and analytical skills A list of questions for discussion is included to trigger further thinking among film buffs and to help educators prepare for class The book is aimed at students teachers and cinephiles with an interest in European cinema in particular and cinema studies in general as well as at those educated readers with an interest in the practice of film analysis and criticism The only competition comes from Stanley Kauffmann's relatively brief *Ten Great Films* 136 pp 2012 The current work offers twenty one illustrated essays Kauffmann's book contains no images and focuses on Europe The countries represented are France Italy England Hungary Belgium Sweden Scotland Denmark Russia Spain Germany Scotland and Finland *Twenty One Landmark European Films 1939 1999* overlaps with Kauffmann's book only in the case of *L'avventura* though the two approach this film from vastly different angles Moreover the book provides a complete critical apparatus notes bibliographies credits and filmographies whereas Kauffmann's has none This book could be one of the primary texts for courses in film analysis to accompany a work like Timothy Corrigan's *A Short Guide to Writing about Film* 8th edition 2011 It would also be a suitable supplementary or secondary text in such courses as *Introduction to Film* or

Film Appreciation Western European Cinema History of Film or Global Cinema and Film Directors or Film Style and Imagination **Landscapes of Resistance** Barton Byg,1995-01-01 This study traces the career of the two filmmakers Daniele Huillet and Jean Marie Straub and explores their connection to German modernism in particular their relationship to the Frankfurt School **Wunderkind** Rory MacLean,2016-04-18 What makes an artist What forces and inklings drive a young man or woman to make their own journey and where does it begin In imaginary childhood games In chance encounters At the sensitive core of the human heart To answer these and other questions award winning author Rory MacLean met more than one hundred working German artists He traced how childhood obsessions or a spark of inspiration developed in the imagination He walked beside a platinum rock star and a struggling caricaturist followed the process of best selling novelists tracked the life stories of top film makers sculptors painters and the godfather of techno He saw how political rebellion English punk Pershing missiles Joseph Beuys even Elvis Presley awoke the creative spirit He learnt that art is a weapon that art can heal and that art deals with the mysteries that lie in the spaces between the words Berlin Europe s capital of reinvention is the setting for most interviews and the ideal place in which to observe the forces and sensibilities that make and sustain or undermine the free thinker After the fall of the Wall the city became a kind of creative utopia infused with pioneering energy At its heart was an experiment in the power of the imagination In Wunderkind 50 selected artists reveal their passions and doubts their working methods their secret struggles and above all show that the task of the artist truly is uncompromisingly simple to discover what has not yet been done and to do it
