Mark Connelly

The Last Decision You'll Ever Make Mark Connelly, 2011 *The Last Decision You'll Ever Make* is a wedding survival guide written by a man for other men. There are no references to 'your special day' and no floral motifs-this book offers sensible and realistic advice while providing belly laughs and wry insights into the terror and wonder of the last decision you'll ever make. Using hilarious quotes from films, books and TV shows, this guide provides a serious groom's-eye view of everything from the proposal to out of control mothers-in-law to feral best men. A wedding is about you and your partner, your friends and family and fun times, not silver-gilded wedding programs and bonbonniPre (don't ask). Enjoying the wedding process is about perspective, good humour and not taking the whole production too seriously. So sit back, learn a bit about wedding stuff, your bride and what she's going through, and have a few laughs along the way.

After the Group closed, its former members directed or produced the Broadway plays *Brigadoon*, *A Streetcar Named Desire*, *Death of a Salesman*, *Camino Real*, *Bus Stop*, *The Music Man*, *Equus*,

and Yentl. In Hollywood, Group alumni produced, directed, or starred in the award-winning films *On the Waterfront*, *East of Eden*, *Twelve Angry Men*, *Hud*, *Fail-Safe*, *1776*, *Serpico*, *Network*, *Norma Rae*, and *The Verdict*. Four of the nation's best-known acting teachers--Lee Strasberg, Sanford Meisner, Robert Lewis, and Stella Adler--came from the Group. We Can Take It! Mark Connelly,2014-07-10 `We Can Take It!' shows that the British remember the war in a peculiar way, thanks to a mix of particular images and evidence. Our memory has been shaped by material which is completely removed from historical reality. These images (including complete inventions) have combined to make a new history. The vision is mostly cosy and suits the way in which the Britons conceive of themselves: dogged, good humoured, occasionally bumbling, unified and enjoying diversity. In fact Britons load their memory towards the early part of the war (Dunkirk, Blitz, Battle of Britain) rather than when we were successful in the air or against Italy and Germany with invasions. This suits our love of being the underdog, fighting against the odds, and being in a crisis. Conversely, the periods of the war during which Britain was in the ascendant are, perversely, far more hazy in the public memory.

The Last Cowboy: A Life of Tom Landry Mark Ribowsky,2013-11-04 "An eloquent, honest tribute to a sports genius." —Publishers Weekly, Best 100 Books of 2013 As the coach during professional football's most storied era, Tom Landry transformed the gridiron from a no-holds-barred battlefield to the highly-technical chess match it is today. With his trademark fedora and stoic facade, he was a man of faith and few words, for twenty-nine years guiding "America's Team" from laughingstock to well-oiled machine, with an unprecedented twenty consecutive winning seasons and two Super Bowl titles. Now, more than a decade after Landry's death, acclaimed biographer Mark Ribowsky takes a fresh look at this misunderstood legend, telling us as much about our country's obsession with football as about Landry himself, the likes of

whom we'll never see again.

Analyzing Christmas in Film Lauren Rosewarne, 2017-12-06 Film plays a vital role in the celebration of Christmas. For decades, it has taught audiences about what the celebration of the season looks like - from the decorations to the costumes and to the expected snowy weather - as well as mirrors our own festivities back to us. Films like *It's a Wonderful Life* and *Home Alone* have come to play key roles in real-life domestic celebrations: watching such titles has become, for many families, every bit as important as tree-trimming and leaving cookies out for Santa. These films have exported the American take on the holiday far and wide and helped us conjure an image of the perfect holiday. Rather than settling the 'what is a Christmas film?' debate - indeed, *Die Hard* and *Lethal Weapon* are discussed within - *Analyzing Christmas in Film: Santa to the Supernatural* focuses on the how Christmas is presented on the deluge of occasions when it appears. While most Christmas films are secular, religion makes many cameos, appearing through Nativity references, storylines involving spiritual rebirth, the framing of Santa as a Christ-like figure and the all-importance of family, be it the Holy family or just those gathered around the dining table. Also explored are popular narratives involving battles with stress and melancholy, single parents and Christmas martyrs, visits from ghosts and angels, big cities and small towns, break-ups and make-ups and the ticking clock of mortality. Nearly 1000 films are analyzed in this volume to determine what the portrayal of Christmas reveals about culture, society and faith as well as sex roles, consumerism, aesthetics and aspiration.

Christmas Ever After Clare Connelly, 2021-10-06 He once chose her happiness over his. Can this Christmas be their second chance? Letting Cassidy go without a fight was the hardest thing Cape Hope doctor Phoenix Walker had ever done. Even as his

own life fell apart, he lied and encouraged her to fly far from home to live out her dreams. Now Cassidy's back—just for Christmas—and Phoenix wonders if they can have a second chance at a happy ever after...even if it's just for the holiday.

The Harry Bosch Mysteries Michael Connelly, 2008 Contains three Harry Bosch novels. **THE BLACK ECHO:** A body found in a tunnel off Mulholland Drive looks like a routine drugs overdose case, but one new puncture wound amidst the scars of old tracks leaves LAPD detective Harry Bosch unconvinced. To make matters worse, Bosch recognises the victim: Billy Meadows was a fellow 'tunnel rat' in Vietnam. Bosch believes he let down Billy once before, so now he is determined to bring the killer to justice. **THE BLACK ICE:** When the body of a missing LAPD narcotics officer is found, rumours soon emerge that he had been selling a new drug called Black Ice from Mexico. The LAPD are quick to declare the death as a suicide, but Bosch is not so sure. Fighting an attraction to the cop's widow, Bosch starts his own maverick investigation, which soon leads him over the borders, and into a dangerous world of shifting identities and deadly corruption. **THE CONCRETE BLONDE:** When Bosch shot and killed Norman Church, he was convinced it marked the end of the search for one of the city's most bizarre serial killers. But four years later, Church's widow is taking Bosch to court, accusing him of killing the wrong man. To make matters worse, Bosch has just received a note, eerily reminiscent of the ones the killer used to taunt him with. As he battles to clear his name in court, Bosch faces a desperate race against time to find the killer...

Steady The Buffs! Mark Connelly, 2006-11-30 This book fully revises standard regimental history by establishing the framework and background to the regiment's role in the Great War. It tests the current theories about the British army in the war and some of the conclusions of modern military historians. In recent years a fascinating reassessment of the combat performance of the British Army in the Great War has stressed the fact that the British Army ascended a 'learning curve' during the conflict resulting in a modern military machine of awesome power. Research carried out thus far has been on a grand scale with very few examinations of smaller units. This study of the battalion of the Buffs has tested these theoretical ideas. The central questions addressed in this study are: · The factors that dominated the officer-man relationship during the war. · How identity and combat efficiency was maintained in the light of heavy casualties. · The relative importance of

individual characters to the efficiency of a battalion as opposed to the 'managerial structures' of the BEF. · The importance of brigade and division to the performance of a battalion. · The effective understanding and deployment of new weapons. · The reactions of individual men to the trials of war. · The personal and private reactions of the soldiers' communities in Kent. Using previously uncovered material, this book adds a significant new chapter to our understanding of the British army on the Western Front, and the way its home community in East Kent reacted to experience. It reveals the way in which the regiment adjusted to the shock of modern warfare, and the bloody learning curve the Buffs ascended as they shared the British Expeditionary Force's march towards final victory.

History and Morality Donald Bloxham, 2020-07-09 Against majority opinion within his profession, Donald Bloxham argues that it is legitimate, often unavoidable, and frequently important for historians to make value judgements about the past. *History and Morality* draws on a wide range of historical examples, and its author's insights as a practicing historian. Examining concepts like impartiality, neutrality, contextualisation, and the use and abuse of the idea of the past as a foreign country, Bloxham's book investigates how far tacit moral judgements infuse works of history, and how strange those histories would look if the judgements were removed. The author argues that rather than trying to eradicate all judgemental elements from their work, historians need to think more consistently about how, and with what justification, they make the judgements that they do. The importance of all this lies not just in the responsibilities that historians bear towards the past - responsibilities to take historical actors on those actors' own terms and to portray the impact of those actors' deeds - but also in the role of history as a source of identity, pride, and shame in the present. The account of moral thought in *History and Morality* has ramifications far beyond the activities of vocational historians.

George Orwell Mark Connelly, 2018-10-24 George Orwell (1903-1950) is one of the most influential authors in the English language. His landmark novels *Animal Farm* (1945) and *Nineteen Eighty-Four* (1949) have been translated into many foreign languages and inspired numerous stage and film adaptations. His well-known essays *A Hanging* and *Shooting an Elephant* are widely anthologized and often taught in college composition classes. The writer is credited with inventing the terms *Big Brother*, *thought crime*, *unperson* and *double think*. His name itself has become an adjective--*Orwellian*. Seventy years after its publication, *Nineteen Eighty-Four* remains very popular, its sales surging in an era of enhanced surveillance and media manipulation. This literary companion provides an extensive chronology and more than 175 entries about both his literary works and personal life. Also included are discussion questions and research topics, notable quotations by Orwell and an extensive bibliography of related sources.
