# War And Social Change In The Twentieth Century Arthur Marwick

**War and Social Change in the Twentieth Century** Arthur Marwick, 1974      **Total War and Social Change** Arthur Marwick, 1988-11-18 A collection of essays supported by statistics on the social consequences of the two world wars It covers the main European countries and a range of major issues including the levels of economic activity women s employment and the extent of executions of collaborators      *War, Peace, and Social Change in Twentieth-century Europe* Clive Emsley, Arthur Marwick, Wendy Simpson, 1989      *War and Change in Twentieth-century Europe* Arthur Marwick, 1990 A summary of the main issues relating to war peace and social change in 20th century Europe The book discusses the nature and causes of war and analyzes the debates over exactly what effects the two world wars have had on both geopolitical and social developments in the 20th century      *The Deluge* Arthur Marwick, 2006 Almost continuously in print for 40 years this classic title describes life on the home front analyzing the social changes that made Britain of the 1920s a vastly different place from the Britain that went to war in 1914 This reissued second edition features a new Preface by leading historian Joanna Bourke Bourke examines how Marwick s work engaged with contemporary debates and why it was so significant when it was first published and explains its continued importance today      *War and Social Change in the 20th Century* Arthur Marwick, 1978      *Total War and Historical Change* Arthur Marwick, Wendy Simpson, Clive Emsley, 2001 What do we mean by social and cultural change What is the nature of total war How do wars come to happen What are the consequences of war In exploring these four key themes this collection provides a major resource for the study of 20th century war and defence in European history and exemplifies different historical methods and approaches The authors are drawn from a range of disciplines including those of economics literature and the arts as well as military social and political history and together they raise some of the most significant problems and debates in the study of history The essays range from standard seminal works by Stanley Hoffmann Arno J Mayer and Charles Maier to more recent contributions by Richard Bessel Mark Harrison and Hew Strachan      **Total War and Social Change** Arthur Marwick, 1988 A collection of essays supported by statistics on the social consequences of the two world wars It covers the main European countries and a range of major issues including the levels of economic activity women s employment and the extent of executions of collaborators      *War, Peace and Social Change* , 1989      **The Home Front and War in the Twentieth Century** , 1983      *War and Social Change* Harold L. Smith, 1986      *Britain in the Century of Total War* Arthur Marwick, 1970      **Retrospect** Open University Course Team, Arthur Marwick, Open University, 2001-12-01 The final book in this series discusses three major topics Firstly it examines the nature and causes of war and to what extent the wars of the twentieth century were modern industrial or total The book then discusses processes of change and questions whether the social changes of the twentieth century would have occurred if no war had occurred The book concludes with a summary of the debates regarding the effects of the world wars

on both geopolitical and social developments      **A History of Human Beauty** Arthur Marwick, 2007-08-30 A look at outstanding physical attractiveness as a quality or possession comparable to power intelligence strength wealth education or family      **The Sixties** Arthur Marwick, 2011-09-28 If the World Wars defined the first half of the twentieth century the sixties defined the second half acting as the pivot on which modern times have turned From popular music to individual liberties the tastes and convictions of the Western world are indelibly stamped with the impact of this tumultuous decade Framing the sixties as a period stretching from 1958 to 1974 Arthur Marwick argues that this long decade ushered in nothing less than a cultural revolution one that raged most clearly in the United States Britain France and Italy Marwick recaptures the events and movements that shaped life as we know it the rise of a youth subculture across the West the sit ins and marches of the civil rights movement Britain's surprising rise to leadership in fashion and music the emerging storm over Vietnam the Paris student uprising of 1968 the growing force of feminism and much more For some it was a golden age of liberation and political progress for others an era in which depravity was celebrated and the secure moral and social framework subverted The sixties was no short term era of ecstasy and excess On the contrary the decade set the cultural and social agenda for the rest of the century and left deep divisions still felt today      **Between Marx and Coca-Cola** Axel Schildt, Detlef Siegfried, 2006 In the 1960s and 70s a new youth consciousness emerged in Western Europe which gave this period its distinct character This volume demonstrates how international developments fused with national traditions producing specific youth cultures that became leading trendsetters of emergent post industrial Western societies      **A History of the Modern British Isles, 1914-1999** Arthur Marwick, 2000-06-08 This book presents a total history of the British Isles from the outbreak of the First World War through to the late 1990s Written by one of the pioneers of twentieth century history the volume offers readers a multi layered narrative combining social economic cultural and political perspectives on this era of significant and rapid change The author describes the big events that dominated British politics through the twentieth century He gives due weight to developments outside England in Scotland and Wales and provides substantial coverage of the Irish question highlighting the extent to which Ireland has been a preoccupation throughout the period Alongside this narrative Professor Marwick explains the underlying forces operating at each stage linking these long term circumstances to the political decisions of the time This dual approach allows for penetrating analysis and reflection helping to create for the reader a full picture of British life in the period For instance the book offers not only a discussion of the politics of the First and Second World Wars but also an analysis of the economic and ideological repercussions of the wars and their consequences for British society at large The volume also covers themes such as the cultural revolution women's and gay liberation economic recession and recovery and social change in the 1990s Professor Marwick writes in an engaging way suitable for general readers and students Throughout he emphasizes the reflexive quality of the book inviting readers to reflect on the nature of historical study and to participate actively in the historical enquiry      **A History of the**

**Modern British Isles, 1914-1999** Arthur Marwick, 2000-06-08 This book presents a total history of the British Isles from the outbreak of the First World War through to the late 1990s Written by one of the pioneers of twentieth century history the volume offers readers a multi layered narrative combining social economic cultural and political perspectives on this era of significant and rapid change The author describes the big events that dominated British politics through the twentieth century He gives due weight to developments outside England in Scotland and Wales and provides substantial coverage of the Irish question highlighting the extent to which Ireland has been a preoccupation throughout the period Alongside this narrative Professor Marwick explains the underlying forces operating at each stage linking these long term circumstances to the political decisions of the time This dual approach allows for penetrating analysis and reflection helping to create for the reader a full picture of British life in the period For instance the book offers not only a discussion of the politics of the First and Second World Wars but also an analysis of the economic and ideological repercussions of the wars and their consequences for British society at large The volume also covers themes such as the cultural revolution women s and gay liberation economic recession and recovery and social change in the 1990s Professor Marwick writes in an engaging way suitable for general readers and students Throughout he emphasizes the reflexive quality of the book inviting readers to reflect on the nature of historical study and to participate actively in the historical enquiry British Society Since 1945 Arthur Marwick, 2003-02-27 High and popular culture family race gender and class relations sexual attitudes and material conditions science and technology the diversity of social developments in Britain from 1945 to 2002 are thoroughly explored in this new edition of a classic text Something of a tour de force Without serious distortion or omission he moves dexterously through a wide variety of sources ranging from poetry through film and novels to opinion polls it is astonishing how much he gets in Times Educational Supplement An enjoyable readable usable achievement which leads the field John Vincent Sunday Times *Total War and Social Change* Arthur Marwick, Wendy Simpson, 2000
